## Name of the processing operation: Public Procurement in the ERCEA 1 Last update of this record if applicable 8/7/2016 - Ares(2016)3267245 2 Short description of the processing A procurement procedure is a process that leads to the conclusion of a public contract. A public contract is defined as a purchase by a public institution (the ERCEA in this case) of service(s), good(s) or works. Public contracts are provided for the institution in exchange for remuneration. The process is in line with Financial Regulation. In all procurement procedures, personal data are collected and further processed for the purpose of the management, coordination and organisation of calls for tenders. The collected data are processed within the duration of the particular procedure, or if applicable, up to the publication of the results of this procurement procedure in the Official

		Journal of the European Union or ERC webpage.
	Part 1 - Article 31 Record	
3	Function and contact details of the controller	Function: ERCEA Director
	Controller	ERC-D3-PROCUREMENT@ec.europa.eu
4	Contact details of the Data Protection Officer (DPO)	Functional e-mail address:
	Officer (DFO)	ERC-DATA-PROTECTION@ec.europa.eu
5	Name and contact details of joint controller (where applicable)	In case of inter-institutional procurement procedures where ERCEA is not the leading institution, the Agency processes data as joint-controller in cooperation with the leading institution. Such processing data starts upon receipt from the leading institution of the decision to award the contract.  In case where ERCEA relies on REA (Research Executive Agency) services, REA performs the validation of legal entities participating in public procurement procedures and the preparation of financial vialibility assessement only on the basis of supporting documents uploaded by the successful tenders in the Participant Register.
6	Name and contact details of processor (where applicable)	Depending of inter-institutional procurement procedures, the contact details of the leading institution/body/agency are different and will be identified in the specific published procurement procedure.  DG BUDG manages ABAC. It is the financial and accounting application set up by the European Commission, to monitor the execution of its budget and to prepare its accounts.  DG DIGIT hosts IT Tools (ABAC System, e-Submission).  ERCEA and other Bodies/Agencies/Institutions (namely, DG BUDG, DG DIGIT) through a Service Level Agreement/Memorandum of Understanding.
7	Purpose of the processing	Management and administration of procurement procedures and contracts in ERCEA, including in particular the provision of evidence of the technical and professional capacity of tenderers, their staff and subcontractors. The specific purpose for each tender is indicated in the relevant contract.  The processing is necessary for the performance of a task carried out in the public interest: for the functioning of the ERCEA goods have to be bought, works have to be conducted and service providers must be hired.
